Leading Others in High School

In two or three years, you will take your biggest test of high school: the college application. The results will determine where you go to college, how much you pay, and what opportunities you are given. A smart student will realize that the answers to this test are based upon the decisions he makes during freshman, sophomore and junior years.

The Capstone program will walk you through each aspect of the college application and help you see what is being asked of you during the next three to four years.

More importantly, the program will challenge you to consider the deeper character traits that underly the questions on the college application. Character allows you to take on responsibilities and to succeed during your college years.

If you seek to be a man of character, you will lay the foundations not only for a great application, but more importantly, a great life.

Each Capstone participant will be assigned a mentor who will meet individually with him between the monthly sessions. The mentor will help point out practical and useful applications of the material presented at the seminars. Mentoring meetings ideally take place at Warwick House or, when that is not possible, by phone.

Please apply online at [warwickhouse.org](http://warwickhouse.org)  
Payments can be sent to:

**Warwick House**
